

February 06, 2017

To whom it may concern,

I am writing this letter of recommendation in support of Asher Valentini who volunteered in the Emergency Department of the Shaare Zedek Medical Center from January 1, 2017 through February 2, 2017. Our ED is the largest in the Jerusalem area, seeing more than 90,000 patients per year in the adult area alone and is a level-one trauma center.

Asher learned how to perform electrocardiograms on patients (becoming proficient within a day), helped with distributing meals, as well as transported patients. In addition, he took time just to chat with and comfort patients who found themselves in the extremely stressful environment of an urban emergency department. He was extremely enthusiastic and a real team player.

We enjoyed working with him and wish him luck in the future.

Thank you.

Evan Avraham Alpert, MD, FACEP

Attending Physician, Emergency Department
 Shaare Zedek Medical Center, Jerusalem, Israel
